Becasue I commute to the community, I do not participate in a lot of the activities that this BSB offers. However, they have an ezcellent advertising campaign to ensure that special events are announced thoroughout the broadcast adn print media. The MWR program that this BSB is great and really does offer a wide vartiety of activites. Again, since I commute here, I tend to use the BSB that is closer to me (and from where I just came from) much more because of the convience.

I would like to see a better selection of restaurants. Wingers on Cambrai-Frische Kaserne really sucks. The food is horrible followed by even worse service. I have no desire to eat there EVER again. It's almost an insult to have that be a place to go for "real" food. Also, How about getting a Subway in the Food Court? How about a bigger gymnasium on post? There is just not enough equipment there. I don't have time to drive to Kelley Barracks to use their facilities either, which is a tragedy considering the fact that they have MOST of the equipment.

The Patriot Inn was a complete joke. The people at the front desk in the daytime hours were horribly rude and obviously had prejudices against white people. The hours of operation at the coffee shop on Post is ridiculously too late. Most people that work on Post would like to get coffee before they go to work or to take it to work with them. Vescovi opens at 0800, when most of us are at work and cannot use it services. Not to mention that the donuts and pasteries they sell there are NOT fresh and taste terrible. The Commissary being on Kelley Barracks is completely ridiculous. People that just arrive to our Post have no vehicle and have to pay too much for a taxi or have to pay to ride the streetcar. It's ridiculous. It should be over on the Cambrai-Frische Kaserne side. It's more convenient, even for Lincoln Village Housing Renters. The CDC was extremely rude and because the waiting list is so long, my daughter was unable to attend Pre-school using the Headstart Program. It was terribly inconvenient using the 1/2 a day daycare system too. It forced us to pick up our children and not let them be there for a day, just because my husband is not working yet. He's been trying to find a job, but because they Are NOT willing to work with us, he's left in a position where he cannot get a job. Even if he did, they still do not have room for our children to attend during regular business hours...which is a need if you have two parents working. Basically the Army has dictated that my husband is not allowed to work...no daycare equals no work. Also, the amount of money that they charge for daycare is ridiculously too high! I have picked up my daughter and on numerous occasions she was not changed. My other daughter was hit repeatedly by a boy in her class, and no matter what we asked of the daycare and the CDC, that child still was attending the daycare and was not punished for hitting her and other children.

I feel like the entire post needs an overhaul!

All in all, MWR doesn't do the best job at this installation. We have one of the worst posts/installations in Germany. In general, all that soldiers really seem to have to do (realistically) is get drunk and procreate. We, with families, have it better than single soldiers in the barracks. 233rd BSB does a horrible job!

Escape Club: Should compete with drink menu's offered downtown, as well as have a set marketed theme for Saturday's. One of the reason soldiers go down town on Saturday Nights is that no one knows what is going on on Saturdays. There are too many tables and chairs in the Escape Club. If it is supposed to be a Club, then it needs to look like a club instead of a cafeteria.

Larger variety of children's sporting events throughout the year (gymnastics, dance classes, etc.)specifically targeted for young girls who may not want contact sports. Either add an officers club or eliminate the unwritten rule that the Escape Club is targeted towards the enlisted personnel. Would be nice to have that kind of environment available for young officers as well.

Although most MWR services are adequate, their quality is inferior to comparable services available off post. The lower cost of MWR services do not make them a better value. Whenever available, I chose to pay more for a better level of service off-post. Even overseas, I chose to spend nearly all of my disposable income off-post, at a significant cost. Another disadvantage of MWR services is the hours they are available. Gyms close at 5 on holidays; outdoor rec close early on Saturdays and do not open on Sundays. On post restaurants offer very poor value and quality and only marginal service. ACS is basically a nonentity except at inprocessing and outprocessing and could be canned with little or no impact on quality of life.

My family does not use any of the MWR facilities. If I had a child at the appropriate age I would not allow them to go to any youth center on a military installation. From what I have seen these are places where neglectful parents leave their children so that they do not have to pay for a babysitter.

This may seem off the wall. . .but I really think there should be more activities where family pets can be involved. As an active duty married to an active duty, by the time we get home to our dog it's all we can do to spend time with her. We find that our activities are limited by our commitment to spend time with her. As we do not have time to start a family she's it for us. I'm certain others would agree. Doggie day care would be asking for too much, however that would be fabulous.

Also: There needs to be a place that we can 'hand wash' our cars. Living in Germany there are so many restrictions off post. Would be EXTREAMLY nice if there was a auto detailing service available.

We need better gym facilities, and a pool. I'm interested in consulting with a NON-ARMY personal trainer, and I'm also very interested in a YOGA or PILATES class. The ESCAPE club needs a better DJ. I do not use many of the current classes at the gym because they are in the evening and I'm too tired after work and I cannot leave work to go participate during the day. The ARMY lifestyle is not conducive to fitness.

Auto service is bad. It takes two to four weeks to order parts. The centers are not helpful. Scheduling routine things like new tires and tuneups usually takes three or four phone calls and at least two weeks waiting. I sometimes have to travel over 40 miles to Mannheim, Hannau or Meins Kastel to get my car serviced. I've had brakes ordered at Miens Kastel for almost a month now. It took me over a month to get tune up parts shipped to the Darmstadt Auto service Center and I finally installed them my self because the mechanics were not dependable. No professional, German or American wants to replace a leaking valve cover gasket for me. Auto service is bad. I would like to see a full service auto center that actually stocked popular tire sizes, brake parts and tune up parts.

I'd love a driving range and par 3 course at Gresheim

Your survey results will be irrelevant as they are skewed from the outset. The way you ask the questions does not leave the ability for us to answer them correctly. You ask how often we use the facility and if we are happy with it. Unfortunately you DON'T ask if the facility even exists. So when we state that we don't go there, you figure we won't utilize the place and the cycle continues. If you did put in a golf course, driving range, pool or were to actually fix the performing arts center I can guarantee you that these locations would receive business. Another question you should consider is breaking up the satisfaction portion. The overall facility may be clean (which you ask twice) but the quality of the food can be horrible (i.e. Kid Zone) or as in the theatre the movie might be fine and the popcorn hot but there is not one single MWR facility in Darmstadt where the soda machine actually uses or has carbonation, this includes Kid Zone, the Bowling Alley and the Theatre. They aren't real big on ice either. The product you receive should be a key question and not just overall satisfaction. That way you would know what area the dissatisfaction is in and how to fix it to increase business. And I encourage you to actually take action. When these things are asked and answered with no response or visible action it gives the impression that DCA's job is to milk a captive audience with as little actual effort in service as possible and loose money.

I would like to see the Escape Club compartmentalized. By this I mean have enclosed or sectioned rooms. The current configuration is that of a warehouse which is very unappealing. I'd also like to see Karaoke offered on a regular basis. The club does little to no advertising, so it doesn't get very good turnouts. There are never any type of drink specials and usually only one bartender, even during crowded events. This could be a great club with the right management.

Most of the trips that are offered through The out door rec center and BOSS are offered as bus trips. I would go on more trips if we were to fly to these places.

I am 5 ft tall and can never find pants in shorter lenghts. As a result I have to go on the economy where I spend anywhere from 50-80 euro on pants that come in shorter lenghts versus \$24 L.E.I or MUDD.

Because I am short I have a small foot, which makes ot hard to buy shoes at the PX. I have to once again go on the economy. If I want the exact same shoe I will spend at least 115 euro on shoes that would be a lot less cheaper at the PX.

It seems that the colthind in the PX is geared to one type of person, which is not me. Most shirts and blouses have logos on them. If there were different styles I would shop there more.

All of these things amke me shop on the economy and because of the exchange rate I tend to spend much more for a lot less items.

I feel that the services provided for single soldiers at this community are pathetic at best. Everything is done for families and the single personnel are forgotten about. The food and attached services are horrendous. Two hours to get food at Winger's, heart burn every time at Philly Joe's. Philly Joe's is barely even close to a real Philly Steak. Terrible service at these facilities and even worse at Kid's Zone. MWR should be embarrassed to claim these as their facilities. Considerable improvement is needed at all facilities. I understand the Escape was to get dart boards and video games. They still have not gotten them in. Many soldiers enjoy darts, why are there no boards at the Escape?

(1) Advertise, advertise, advertise events. So many times I don't hear about events and neither do many people around me.

(2) When a new facility opens, ensure the equipment and staff are in place and that it runs smoothly. Example is Wingers. I have yet to be there when I have been served in a reasonable time frame and each time someone in the group has had a error in the food order brought to them. I would enjoy going to Wingers to eat some American type food, but can't see any advantage to Wingers instead of going to one of the many German restaurants that care to give the service and quality you want when you eat out. Wingers is not a first in this occuring, just one in many that Darmstadt has allowed to fail due to bad management or simply not caring.

There needs to be a lot more things happening at our clubs. Since 9 11 happened they made a bad call to close all the clubs in Darmstadt. If they closed the old Rainbow to be renovated they should have left at least the Darmstadter club or the Rod & Gun club open until the Escape club could be reopened. They reason they should have left one of the clubs opened in my opinion is because since they closed all the clubs on post they forced the people to go off post and take a chance in getting hurt, spending money off post and in one cash someone lost their life. And last but not least they should not have changed the name of the Rainbow Club. Everyone was wanting to make it a family atmosphere but they forgot about the soldiers and adults and left them with only the bowling to go to. And with that you have adults using bad words while kids are in the bowling center.

Woman's Bowling League or some type of bowling competition for children (teenage) after school and during the summer months.

Also it may benefit to have a Boxing ring set up (under supervision of trainers) for the young soldiers who need to vent off steam or stress. Many of them need to release by physical contact and this would be a more safe way to do this. It could also be a way of discipline that commanders could use when they get out of line by fighting off duty. Competitions could also be set up that could draw crowds.

Young soldiers need a place to play and drink safely in their off duty hours. If there was a club onbase or close to the base where they could go and have a good time, they wouldn't have to go downtown to local bars/clubs that are on the USAREUR Barred List. This also may cut down on DUIs for those who drink and drive. Querying the younger soldiers in the barracks on what they would like the club(s) to have so they would go, would be a good start to see how to get them to attend. It is a shame when a soldier loses his life while in the barracks, due to drugs or whatever the reason is. Having a place to go that they feel is their own may help.

There are many abandoned privately owned vehicles in Darmstadt. These vehicles are usually turned over the the German authorities. It would greatly benefit MWR if the vehicles could be sold, using open bid process, for community personnel (military/civilian) and the proceeds to go MWR for the community. Inquiring into this can benefit the whole community.

I don't like to go to the Bowling Center because you come back smelling of cigarettes.

Comment: Glad to see the new workout equipment at CFK -- there is a need for more equipment for the classes and more room for the aerobics/yogo/spinning classes there. More tour trips via airlines in lieu of buses. Better ski/bike, etc equipment at Outdoor rec.

I fall under the 66th MI group and use their Athletic Fields, but I use the Dexheim and Wiesbaden communities (104 ASG) more often.

I would like to see the bowling center be a smoke free environment. Smokers in the casino gambling enclave and at the entrance introduce smoke to the non-smoking areas.

More live entertainment at the Escape. Other than that it's a dead club.

I can not say enough good things about the child development center. My children have ben happy there for over two years. the facility is top rate as are the staff. It is a wonderful nurturing environment & my children & the community are better for it.

Not so much the activities as the conditions being made available at the gaming places (Escape Club and Bowling Center). Wit the DoD promoting Wellness, it is aparent that people frequenting these two establishments smoke more than other smokers not participating. While sitting there playing the slots, there is little else they do than smoke. there is also inadequate facilities for non-smokers. I'm sorry, but I have no sympathy for those that choose to smoke and I am a believer in banning smoking in ALL facilities. You go into the Bowling Center on a Friday afternoon/Evening and you can't even get into the smoking area, as everyone that smokes is in there, regardless of if they are playig slots.

For the Wellness of everyone, smoking should be baned in all Army Facilities.

My only comment is about the nazty Food that MWR have on this post.
The food is nazty.

Wasn't sure what to select as my current status, as I am a military spouse plus a civilian employee.

Used 09175 as my zip code, my CMR, hope that was correct.

Wasn't really sure, in questions 20-22, what off-post vs. on-post meant, but after that, I think I understood.

Easier access to activities would be better. Employee's who actually care would be a big help. For the price, off post activities are a better deal.
